## RSK Entertainment Indtroduction :

### Murder In Tehran's Alleys 2016

Rasana Shokooh-E-Kavir Co ( RSK Entertainment) is one of the few companies in Iran which develops computer games professionally. The company was founded in 2009. Relying on the competence and talent of the Iranian youth and a sophisticated staff, the company has marketed eleven games in Iran . The company has earned several national awards and commendations, such as the best game of the year for “ Murder In Tehran’s Alleys 1933 ”, the best art director for “ Qajary Cat ” and “Alimardan’s Mischiefs ” and more. The aforementioned awards show the devotion and resolution with which RSK Entertainment has adopted to create a great impact on the gaming industry, which is still in its infancy in Iran . The company has paid close attention to the content of the games and has tried to release games which are entirely Iranian – either content-wise or production-wise. The motto of Rasana Shokooh-E-Kavir team has been nothing but: “the dominance of Iranian games on the global market”, a motto that can be realized by the support of the officials and the public.

## Synopsis

### Murder In Tehran's Alleys 2016

This is the story of the time when narcotics impair the brain; the time when a father's hallucination becomes the dawn of his family's demise by slicing them into pieces for a sin they have not committed; the time when revenge is the only reason to live. A series of violent and ruthless murders committed on the pretext of Deadly Sins (religion) brings Faramarz Afshar, a 32-year-old detective, into a case for which no easy conclusion can clearly be conceived of. "Murder in Tehran's Alleys 2" is a tribute to David Fincher's "Se7en".

## Game Genre

### Murder In Tehran's Alleys 2016

MITA2016 is a 2.5D adventure game. The gameplay features puzzles in which the player can interact with the environment (pick up objects, combine and use them). Being a detective story, there are 33 characters (with 1000 dialogues), various minigames (more than 12) as well as documents and an interactive PDA (containing over 45 A4 pages) which all help the process of the story.

\* The player controls the actions of the main character using keyboard and mouse.

MITA2 is narrated in Tehran 2016, so the most prominent artistic feature of the game is probably simulating the capital megalopolis and its suburbs including the photo studio in Varamin, the stable in Shahriar, police department and even Nazi-Abad neighborhood in south of Tehran. Using the V-Ray rendering engine, all the details have been carefully simulated and improved the graphic quality of the game. A number of cinematic cut scenes (25 minutes of motion comics) has contributed to the visual narrative of the game. With a total of 33 beautifully-designed characters and more than 150 animations, this adventure game trying to stands at a standard level.

## Technical issues:

### Murder In Tehran's Alleys 2016

Detective Afshar's PDA is a cell phone that not only records all the comments by the main character (over 45 A4 pages) but also provides access to the map as well as making it possible to move to different places. It works as a guideline during the game too. Various minigame such as shooting and puzzle solving are developed by Wintermute engine to have the optimum result. Inspection abilities (choosing a certain dialogue with a unique answer) is another feature of the game.

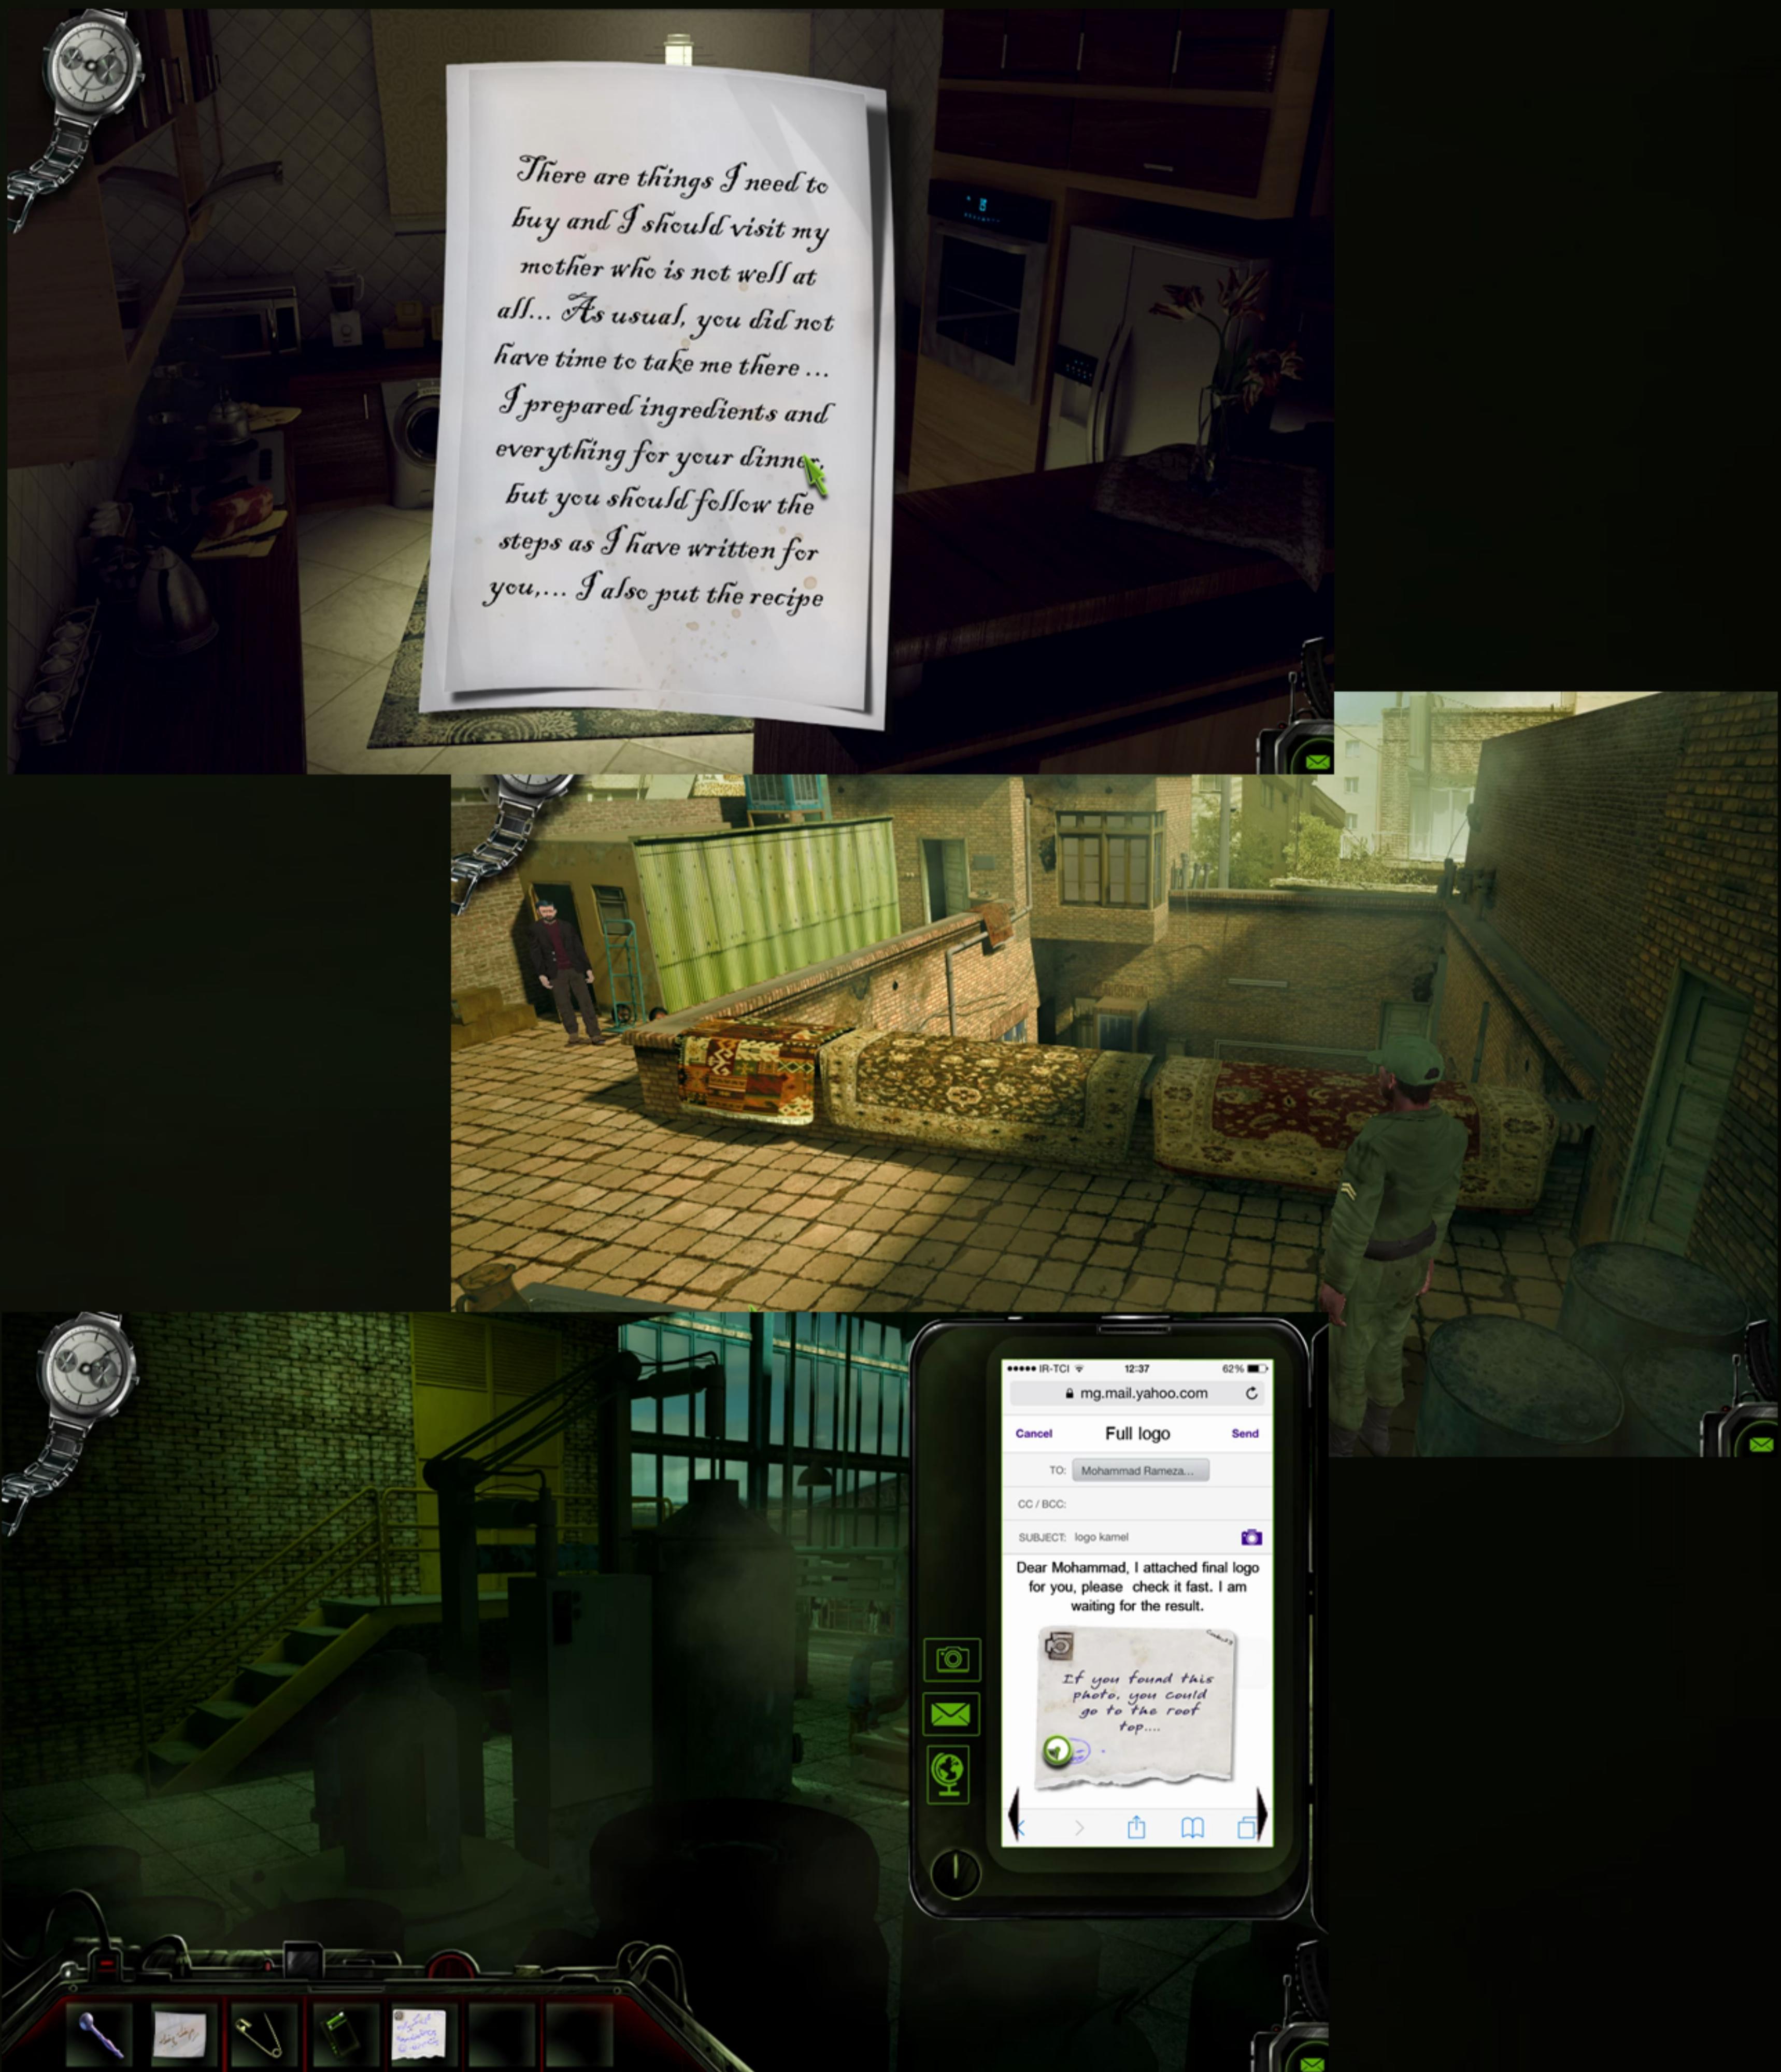

## About Gameplay:

### Murder In Tehran's Alleys 2016

MITA2016 is more than a simple classic adventure game; it is a tribute to the world popular adventure/detective games. More than 8 hours of gameplay, 33 characters with over 1000 dialogue lines, tens of graphic documents and files, More than 12 minigames and more than 30 puzzles interacting with the environment. An awesome story on the serial murders regarding major sins, it is a tribute to David Fincher's 1995 mystery thriller 'Seven'.

Murder In Tehran's Alleys 2016

## Characters:

### Murder In Tehran's Alleys 2016

#### Detective Faramarz Afshar:

Faramarz Afshar is the son of Homayoun Afshar and the grandson to the old years' renowned detective Mohammad Afshar (the main character in the MITA 1933 and Dark Years). As a child, Faramarz Afshar loses his father and is brought up by his addict step-father. With the help of colonel Bahmani, a friend of his father's at the time of 1980-1988 Iran-Iraq war in the frontline, he enters military university and later is employed at the crime division of Tehran Police Department as Major Afshar. He is a smart, sympathetic and meticulous man who wishes to become a prominent detective similar to his grandfather.

#### Colonel Bahmani:

He is the head of Tehran Police Department. An intelligent and experienced person who passed many years in the frontlines during the 1980-1988 Iran-Iraq war, he was a close friend of Faramarz's father. In the serial murders case, he is of considerable help to detective Afshar.

## Characters:

### Murder In Tehran's Alleys 2016

#### Jamshid Farrokhi:

The serial murderer first kills his family under the influence of taking crystal meth; after regaining his consciousness and feeling the great pain of losing his family, he decides to take revenge on all the people responsible for his addiction which made him murder his family. His character is a person who has always made wrong choices.

#### Victims:

The killer's step-mother who is introduced as a capricious woman who met the killer's father and made him get a divorce from his wife. She has also caused a lot of harassment for the killer.

Mr. Rajabzadeh is a well-to-do man who has earned his fortune from usury and is badly addicted to crystal meth. Lending money at an extreme interest rate to the killer, Rajabzadeh has created lots of financial problems for him and caused him enter a wrong path.

Babak Shafi' was the country's boxing champion once who loses all his fame and fortune after getting addicted and spending his money extravagantly.

Reza Rajabi is a drug dealer in south of Tehran who acquires meth in great quantities from drug barons and distributes it among users. He is the first one who has given the killer drugs.

#### Officers:

Officer Saei is one of the clever police women in the department and is in charge of the laboratory.

Officer Rezapur is a hardworking man who is the head of the reports section.

Officer Amiri is an investigator who is in charge of Lavasanat murder case. His grandfather was also an officer in the department and a colleague of Mohammad Afshar's.

## Characters:

### Murder In Tehran's Alleys 2016

#### Privates:

Private Ghafouri comes from the southwestern city of Abadan and is passing his military service here. He is of great help to detective Afshar.

Private Hasanipour is from south of Tehran and is just two months away to finish his military service.

Private Hosseini, from Lorestan, is in charge of the jail.

And ....

#### Worker at the stable:

A naïve 24-year-old man who has come to Tehran from Lorestan to find a job. He works in the stable now.

#### Dr. Shakib

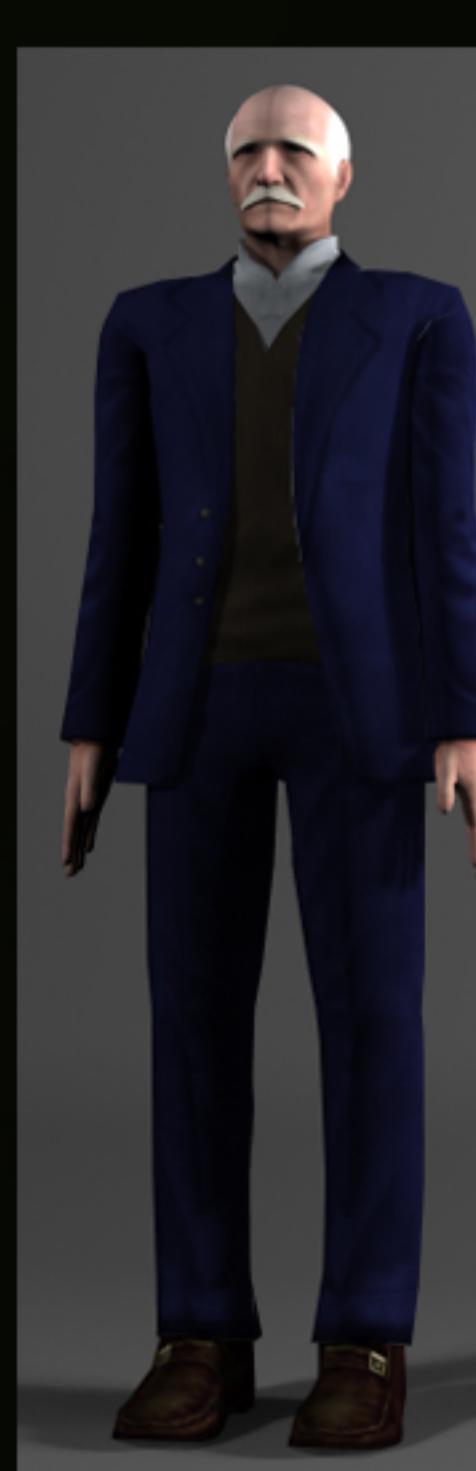

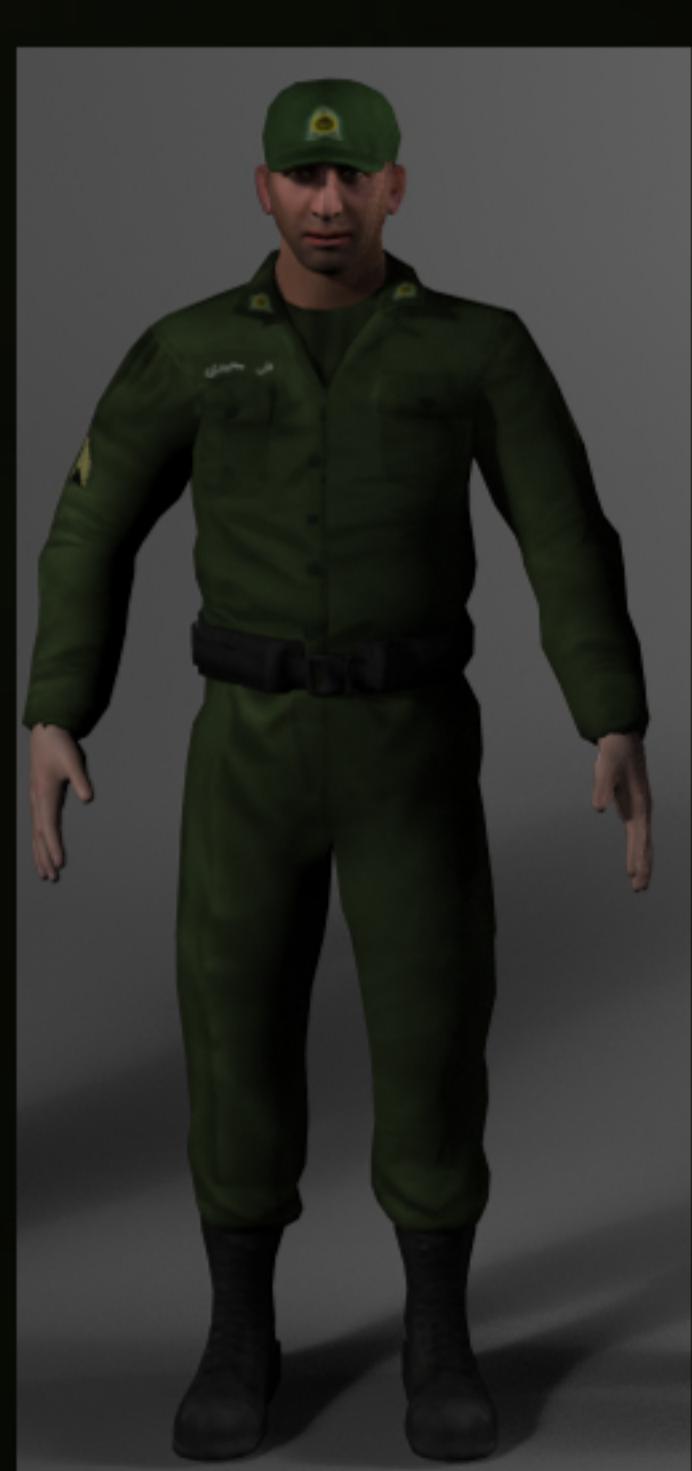

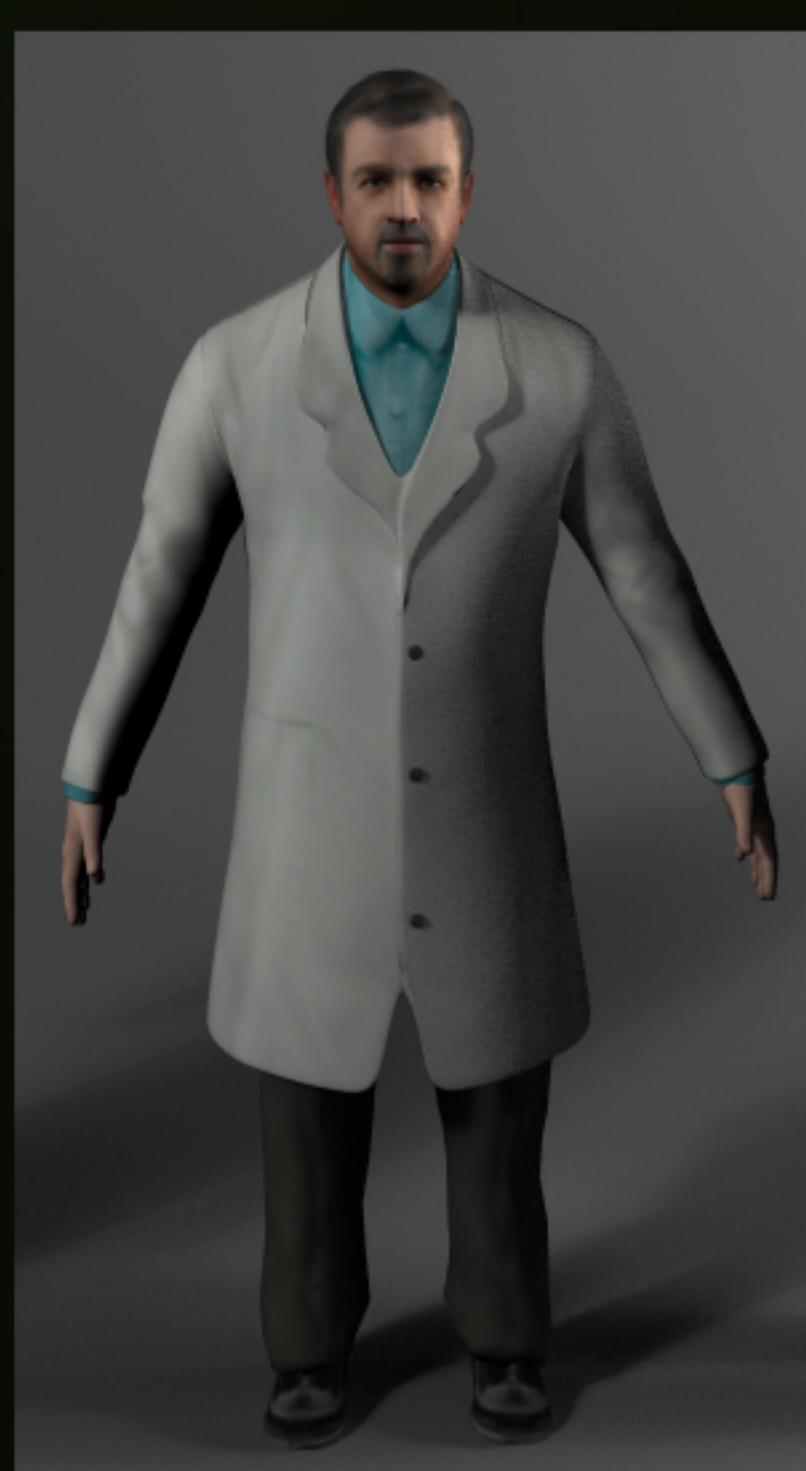

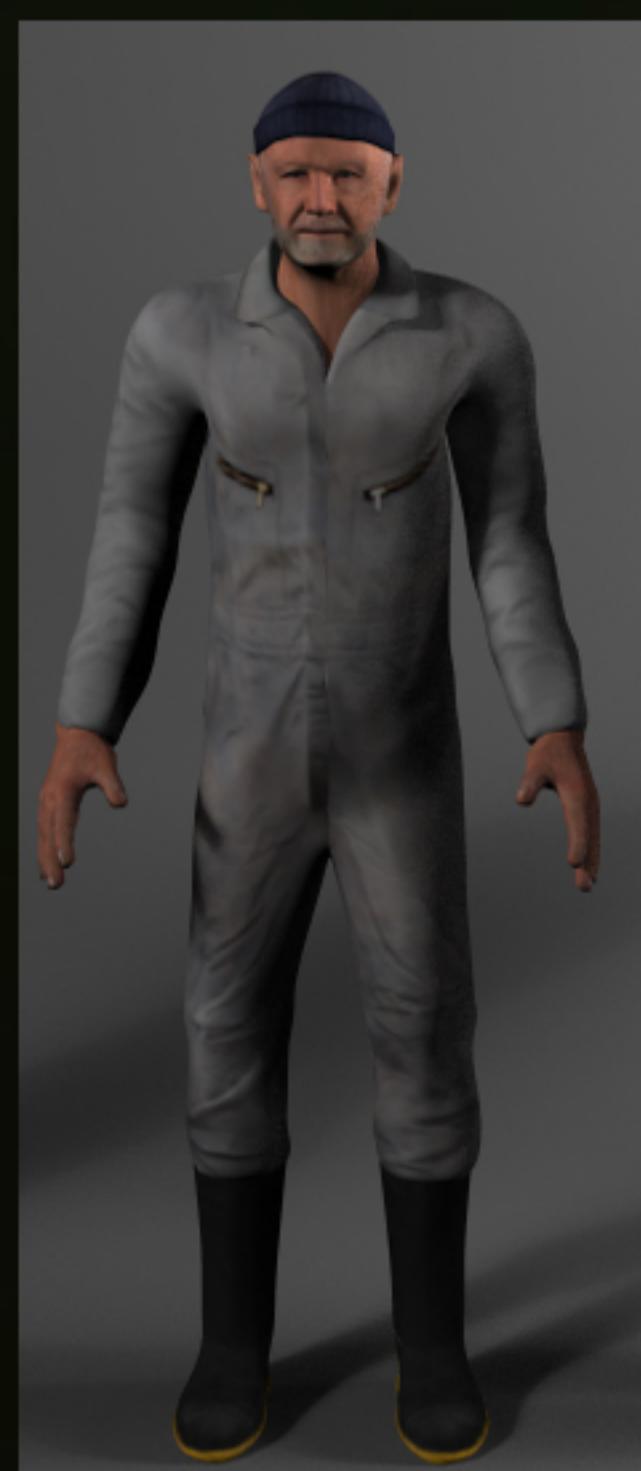

He is the head of the forensics at Tehran Police Department. He studied at the same faculty where Faramarz did. Probably one of the best doctors in criminal cases, he lends a helping hand to Afshar during his investigations.

#### Detective Afshar's wife

She is a kind modern woman who loves Afshar very much but is tired of his huge workload.

And ...

There are 33 characters in the MITA2 with over 1800 dialogue lines.

## Cinematic:

### Murder In Tehran's Alleys 2016

The 25-minute animated cut scenes presented through motion comics help narrate the story especially when showing the violent scenes where the murderer makes the victims confess and then kill them.

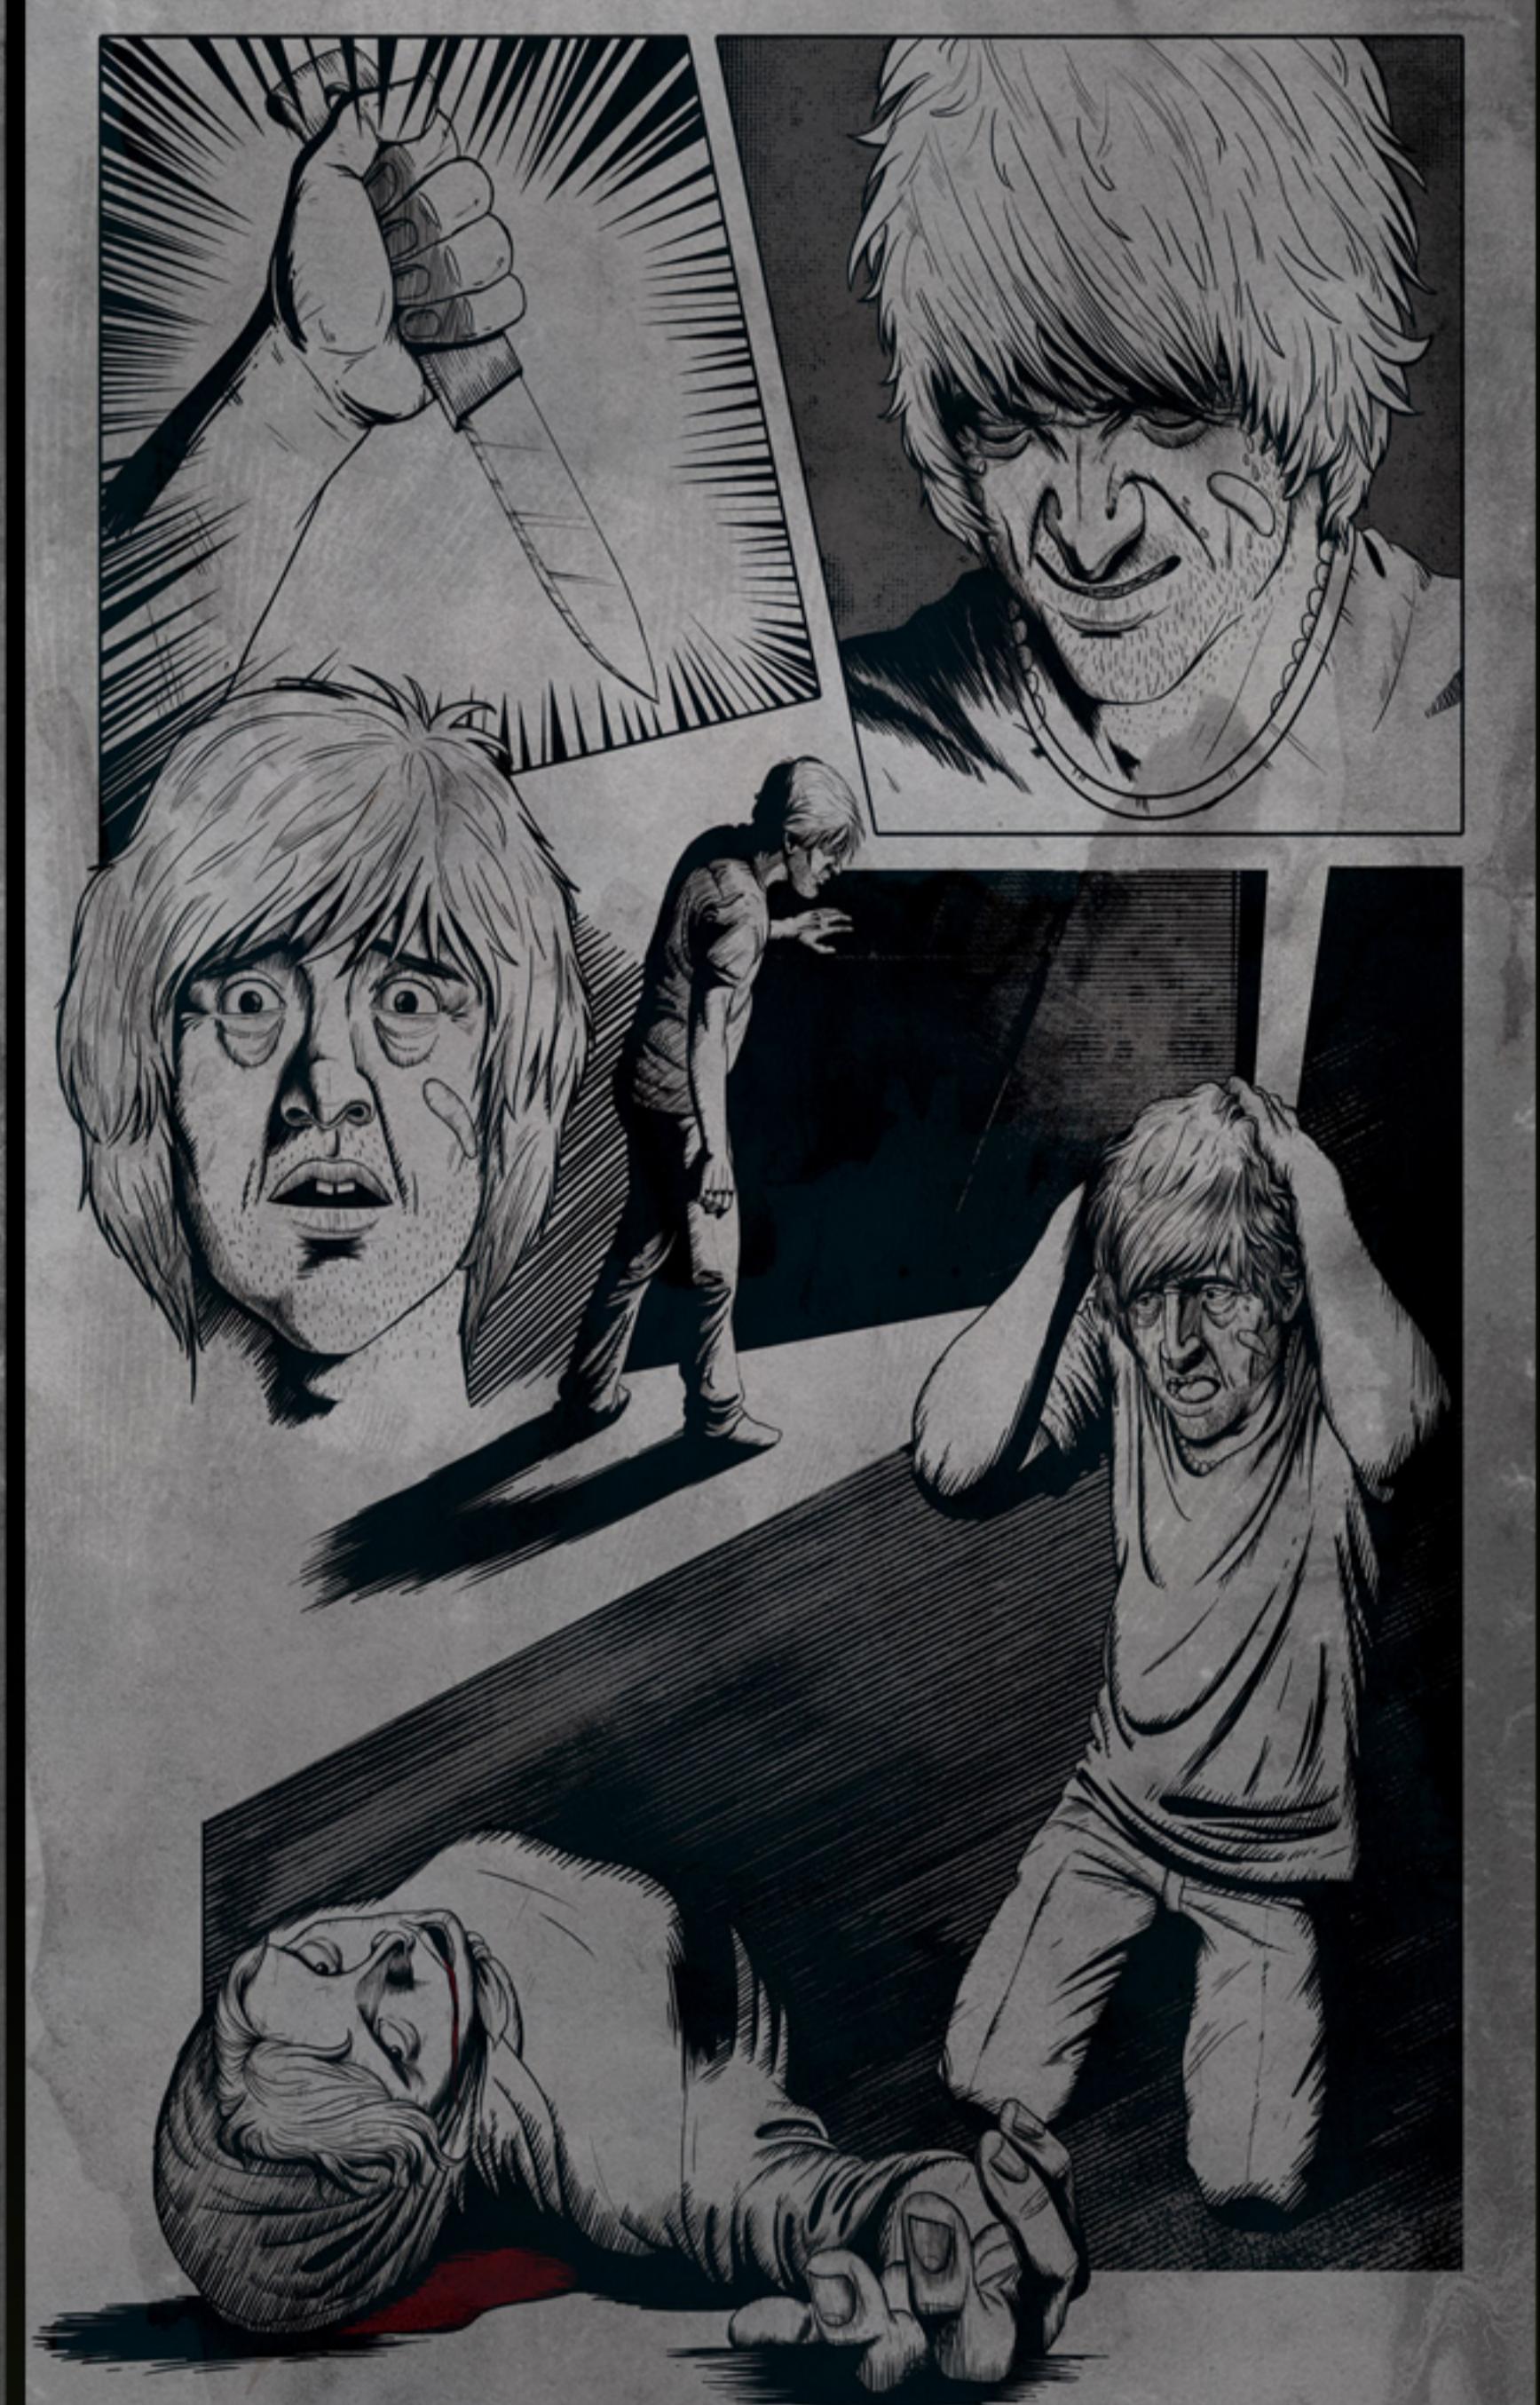

Cinematic:

Murder In Tehran's Alleys 2016

## David Fincher's Se7en

### Murder In Tehran's Alleys 2016

Holy violence?! That's how Jamshid Farrokhi, a crystal meth addict, is thinking. After using this narcotic industrial chemical, he ruthlessly kills his whole family - his wife, 12-year-old daughter and newborn son – out of severe hallucination. It was only after he sobers up that he realizes what a disaster he has brought to himself. So, he decides to avenge those who were responsible for his decadence and for turning him into a human less worthy of an animal. Thus began the murders and the unimaginable violence! The recorded films during the murders and the heartbreakng confessions by the victims shock everyone and cause turbulence in the society. Faramarz Afshar, a 32-year-old detective, is assigned to investigate this case; a case which can seemingly be regarded as the most difficult challenge in his life. In "Murder in Tehran Alleys 2" you experience the encounter between Faramarz and Jamshid Farrokhi in a clash of violence, reason, and the Great Sins (religion) with a taste of serial killing stories. "Murder in Tehran Alleys 2" is a tribute to David Fincher's "Se7en"
