SET INPUT

Open the **Input Dialog** by selecting **Input...** from the **Options Menu** or by pressing **F2**. You may then follow Dut's directions below to map the actions below to your **Keyboard** or **Joystick(s)**.

RUN

Use the **Up**, **Down**, **Left**, and **Right** directions to move your character or make menu selections.

JUMP

Press the **Jump** button to leap into the air; you can then use **Left** or **Right** to control your trajectory. Hold **Down** and tap **Jump** to drop through thin red platforms. This button also *confirms* menu selections.

INTERACT

Press the **Interact** button to pick up or toss box-type objects. Hold **Up**, **Down**, **Left**, or **Right** to aim your throws. This button also *cancels* menu selections.

ABORT

If you've gotten stuck, press and hold this button to run down the stage timer. This will let you try again but costs one credit.

Rules and Objectives

REACH THE CORE!

Use vulpine acrobatics and **Box Type Objects** to navigate through and interact with each level and its inhabitants. Collect all of the colorful **Keys** or defeat a **Guardian** to continue your adventure downward towards **Misery's Secret Base**.

Watch for **Misery Land Employees**, most should be left alone but some could be helpful. Always try observing them from a safe distance.

You'll enter **Misery Land** with exactly three **Credits**. Getting injured or running out of time will cost you one **Credit**. If you run out of **Credits** you'll get a **GAME OVER** and have to restart the current cavern.

Whether alone or together, constant **experimentation** and **observation** are key to reaching the **Core**.
